California RE 336 Instructor Qualification Package

Anatoliy Kanevsky - experience-based candidate filing - DRE determination pending

DEVELOPMENT DRAFT - NOT SUBMITTED - NOT DRE APPROVED

Prepared 16 August 2026 under the California DRE Course Provider Handbook revised January 2026. Filing fields, policies, signatures, professor certification, BPPE determination, credentials, and regulatory decisions identified as pending must be completed before submission or release.

Anatoliy Kanevsky - RE 336 Qualification Narrative

Status: Candidate instructor; DRE approval/determination not granted.

Officially verifiable California experience

California DRE's public record for license 01385024, retrieved for this package, identifies Kanevsky, Anatoliy as a LICENSED real estate broker with expiration 11/15/2029, salesperson license issued 10/06/2003, broker license issued 07/16/2009, MLO endorsement record NMLS ID 2775380, current affiliated licensed corporation West Coast Capital Mortgage (02440065), and no disciplinary action/public comments shown on the retrieved record. The filing must include a fresh license printout generated on or immediately before filing day.

The official dates establish more than twenty-two years of California licensure and more than seventeen years as a California broker by August 2026. They do not, without supporting records, prove continuous full-time performance in every subject taught.

Experience-based request

StateCourse requests Commissioner consideration under the RE 336/Article 24 path allowing education or experience, or a combination, to evidence teaching qualifications. The proposed supporting résumé describes long-term California brokerage, mortgage origination/brokerage, broker supervision, residential development and construction-related transaction work, investor finance, private-capital transactions, property analysis, contract/escrow coordination, and regulatory file review. Course-specific matrices connect that experience to Real Estate Principles, Real Estate Practice, and Mortgage Loan Brokering and Lending.

Evidence limits

The package does not claim a college degree, California teaching credential, or DRE instructor approval. A retrieved education affidavit establishes high-school completion only and is not used to imply the listed bachelor's/associate-degree qualification. Development projects, employer dates, volumes, and mortgage activity must be supported by signed résumé detail, company records, transaction examples with consumer information redacted, licenses, and references. NMLS 2775380 is used because it appears on the official DRE license record; conflicting 2817729 signatures are excluded unless independently resolved.
