CONDITIONS

1. Funds must be received by wire transfer or other collected funds. Payments received in uncollected funds will delay the release of the lien until the funds have cleared.
2. Interest accrues to the date of payoff. The total above will not match the borrower's last monthly statement balance, because interest is paid in arrears and accrues to the day of payoff, and because this demand includes fees connected with the release of the lien.
3. Upon payment in full, the beneficiary will direct the trustee to execute a full reconveyance of the deed of trust recorded June 14, 2016 as Instrument No. 2016-0712334, and the reconveyance will be delivered for recording within the time required by law.
4. Any overpayment of $10.00 or more will be refunded to the borrowers.
