California Correspondence Course Administration Policy

Course independence

Each 45-hour course is a separate DRE approval, course version, enrollment, 15-assignment record, exam pair, certificate, and completion event. A commercial bundle never merges regulatory records.

Time and sequence

The access-granted timestamp starts the 420-hour minimum. A successful final before the timestamp is technically impossible. The portfolio service also prevents more than two StateCourse California correspondence completions in 35 days and requires a truthful disclosure of outside-school course completions. All 15 assignments are sequential. Course access expires after 365 days. These controls implement the California timing rules; they do not import Virginia-style per-hour active timers.

Assessment and final

Lesson quizzes and remediation are provider-selected academic controls. The DRE final is separate: 100 questions, 60%, two forms maximum, one retake, designated independent proctor, identity check, no student custody, no printing/download, and automatic timeout.

Approval gate

Checkout, enrollment, final administration, completion credit, and certificates remain disabled until the exact course and delivery approval is recorded. Reviewer accounts generate no student credit. Material changes create a new development version and cannot replace an approved version without DRE review.

California First-Priority Submission Master Checklist

Proposed filing order

1. Real Estate Principles - first filing, consistent with RE 303's advice that a first-time applicant submit one course before multiple courses.
2. Real Estate Practice - separately filed after initial format feedback; includes SB 1495 evidence.
3. Mortgage Loan Brokering and Lending - separately filed after initial format feedback.

Release gates common to every package

- Confirm StateCourse LLC filing/mailing address, public phone, public support email, website, California/out-of-state entity status, and attach current Secretary of State evidence.
- Obtain written BPPE applicability/exemption determination and insert the exact basis.
- Insert exact tuition, all charges, cancellation, and refund terms; reconcile with website and enrollment agreement.
- Obtain independent college professor certification on official letterhead for each exact manuscript.
- Complete and sign RE 336; attach qualification evidence; await DRE instructor determination.
- Provision secure student/regulator accounts and transmit passwords separately.
- Perform legal, editorial, accessibility, exam-item, security, and cross-document consistency QA.
- Verify the current RE 206E fee on filing day.
- Obtain original or compliant electronic signatures; no rubber-stamp/digital image signature.

No item labeled pending may be converted to a favorable claim without documentary evidence.
